

H303 - Surface Mount Box for IP60XX Phones

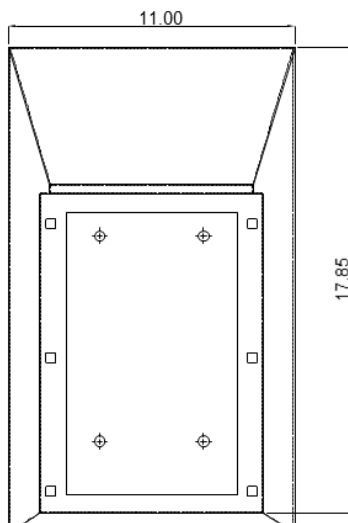

The H303 is a rugged, stainless steel, surface mount box for Emcom Systems' family of hands-free and handset emergency assistance telephones. The 45° pitched roof removes any hard corners and prevents clutter from accumulating on top of unit. For extreme environments, an H305 Door may be added to provide further protection.

Advantages

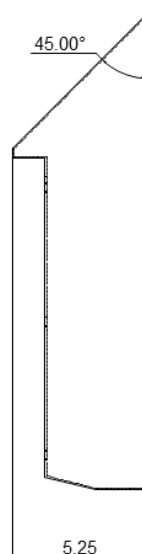

- Stainless Steel Construction
- Mates with A401 Pole Mounting Frame
- Integrated Drip Cap
- Angled Side to Improve Signage Visibility
- Accepts H305 (Door)
- 45° Pitched Roof
